European Patent  
Office

INCOMPLETE SEARCH  
SHEET C

Application Number

RS 106276  
US 753913

Reason for the limitation of the search:

In view of the large number and also the wording of the claims presently on file, which render it difficult, if not impossible, to determine the matter for which protection is sought, the present application fails to comply with the clarity and conciseness requirements of Article 84 EPC (see also Rule 29(5) EPC) to such an extent that a meaningful search is impossible. Consequently, the search has been carried out for those parts of the application which do appear to be clear (and concise), namely the subject-matter disclosed in the description on page 23, line 16 - page 27, line 9 and figures 3A-3D.
